POTW – Votive Candle Wraps

General Instructions

These are to be stitched out the same as for appliqué designs.

Materials :
light weight, easy to tear, tear away stabilizer or opaque wash away stabilizer.

Suitable cloth: tulle. organza, light weight cotton or any fabric that allows you to see the glow of the candle or light from behinds it.

Colors 1 – 4 can be stitched in the same color

#1 placement outline
remove hoop from machine and place material over placement line
#2 tack down stitch
remove hoop from machine and carefully cut excess material from around the placement line
#3 zig zag tack down stitch #4 satin outline stitch.

Left and Right side pieces

#5 button hole

When finished, carefully cut center line of the button hole. This will be where you thread your ribbon for tying.

Design Center Pieces

#5 This is your main design. Choose a color of your choice. Assembly

take the 3 pieces and with a needle and matching thread, whip stitch the side pieces to the center piece. thread a piece of ribbon threw each button hole as shown in picture

Place wrap over candle and pull ends together and tie in a bow.

You can slide the wrap up or down the candle as you like.

Shown is a small candle jar. The ribbon ties will allow you to adjust the wrap for different sizes of votive jars or small candle jars.
