

04 Appliqué Pinecone Coaster
Clipart purchased from Stitch Art Café

This is a Trim-As-You-Go Appliqué coaster.
Do Not Remove Fabric From Hoop Until Design is Completely Finished

Materials Needed

4x4 piece of fabric for pinecone body – can also use felt
Felt for backing
Vinyl for backing (optional)

Fabric Placement

Hoop Cut Away Stabilizer

Color 1 – shows placement of fabric outline. Lay piece of fabric over stitching lines - using basting spray, fabric glue stick, or pins to hold in place.

Color 2 – tacks fabric down. Trim fabric around stitching line.

Embroider Design

Color 3 -- Continue stitching out embroidery design

After color 3, trim all jump stitches and trim up loose bobbin threads on the back.

----- Do Not Remove Fabric From Hoop -----

Applique Backing of Coaster

Color 4 – shows placement for appliqué backing. Place appliqué fabric backing onto back of embroidery --- using basting spray, fabric glue stick, or tape to hold in place. I sometimes use a layer of felt & vinyl (to waterproof) instead of fabric.

Color 5 - fabric tack down. After color 8, carefully remove hoop from machine Do Not Remove Fabric From Hoop.

Turn hoop over and carefully trim backing fabric around stitches. Return hoop to machine

Color 6 – change bobbin thread to match Satin Stitch Border

Remove fabric from hoop and trim around coaster. Enjoy.
