

# Frog Windsock

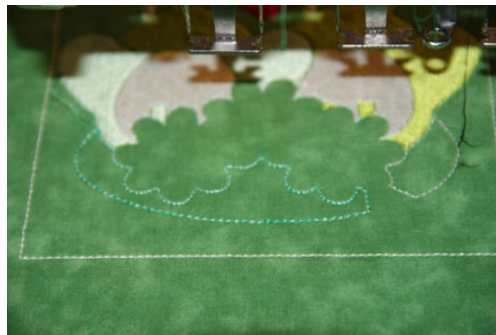

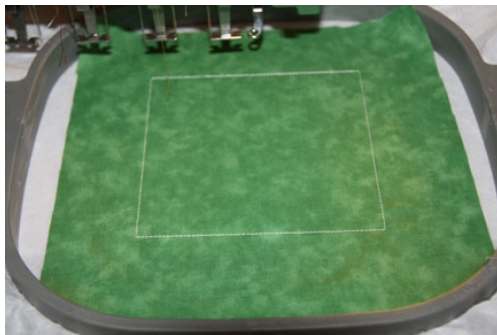

Material:

Fat quarters

wide ribbon

fabric scraps

Hoop stabilizer and lay down a square of fabric about 5.5 x5.5 inches and run tack down stitches. Run design. For applique it will run placement stitches to let you know where to lay down the applique fabric.

Run to the end of the center or main design. Lay a second square of fabric on the back of the hoop and tape to hold. Run the zigzag stitches and stop. Trim the front and back fabric and return to machine and finish the satin stitches.

Carefully trim the excess stabilizer from around the square and set aside. Repeat so that you have a total of 4 blocks.

To assemble:

using a regular sewing machine or needle and thread stitch 2 of the blocks together with a zigzag stitch. Repeat with the remaining blocks, and then stitch them into a tube.

Cut from wide ribbon or fabric 4 strips about 2x6 inches and fold in  $\frac{1}{2}$  length wise. Pin these strips matching them to your seams and stitch to hold. From ribbon or fabric cut 8 strips about 2x18 inches. Pin to the bottom of the tube where desired and stitch to hold. Through the top loops run your cord for hanging.
