

Halloween Blocks/Coasters

How to make an ITH Coaster

General instructions: all of the designs for this set will follow the same instructions.

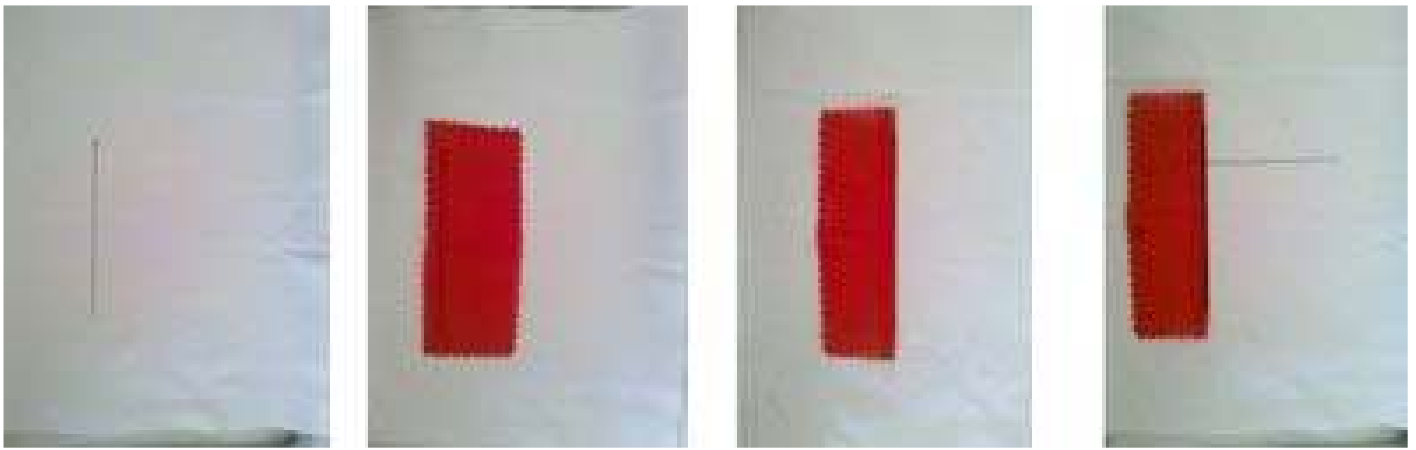

Supplies:

4 pieces 1 1/2" x 4 1/2" strip of material 5" square for top fabric

5" square of batting

5" square for bottom fabric

These are 1 color designs, the color changes are just to make stops for the machine. You can use matching bobbin thread or color of choice. Only the last 2 color changes will be shown on the bottom of project.

Picture 1 #1 fabric stitch line remove hoop from machine, place material across stitch line over lapping 1/4" with fabric laying across the majority of the design.

Picture 2 #2 tack down stitch remove hoop from machine and fold it over the line towards the edge, secure fabric with glue or tape (As shown in picture 3)

Picture 4 #3 decorative stitch, this stitch will make the piece look quilted.

#4 though #12 repeat these instructions for all 4 fabric pieces.

#13 is the design area

Picture 4 #14 outline stitch for back remove hoop from machine and turn over so you can now add materials to the underside of the hoop.

Picture 5 and Picture 6 Tape a layer of batting and then top of that, tape a layer of material. Return hoop to machine carefully not to dislodge the taped material under it.

#15 stitch tack down

#16 outline blanket stitch

Remove hoop from machine, remove project and with pinking shears, cut around the design area leaving a 1/4" or so around the stitching.
