

## ***Halloween Mazes***

*Please read through instructions before starting*

### **SUPPLIES:**

- Tear-away or wash-away stabilizer (your choice)
- Threads
- Fabric for front and back (pieces large enough to cover 5x7 hoop) Felt works well for the front.
- Vinyl – iron on works best. (pieces large enough to cover 5x7 hoop)
- Temporary Spray Glue

### **DIRECTIONS:**

\* CC= Color Change

Step 1 - Color change #1– this is a placement stitch, stitched on the stabilizer.

Step 2 - After this stitching place top fabric on hoop and stitch color change #2(this will attach fabric to stabilizer and hold fabric in place).

These first 2 steps are the same for all the mazes.  
Next, follow rest of directions for each design.

### **Apple Maze-01**

CC03-red

CC04-lettering

Step 3- after stitching lettering remove hoop and spray back with temporary spray and press fabric to back of hoop then turn over and place vinyl over design, return to machine and continue.

CC05- this will tack back fabric and vinyl to the hoop.

Step 4 - Once this is done, remove hoop and trim fabric and vinyl on front and back close to stitching being careful not to clip threads. Cut center of eyelet out through all layers. Return hoop to machine.

CC06 - eyelet – your choice of color

CC07- Satin finish stitch – your choice of color
