

## Lacy Quilt Blocks

### **Supplies:**

Fabric cut into blocks (my blocks were cut 8x8 so I had the extra room to trim)

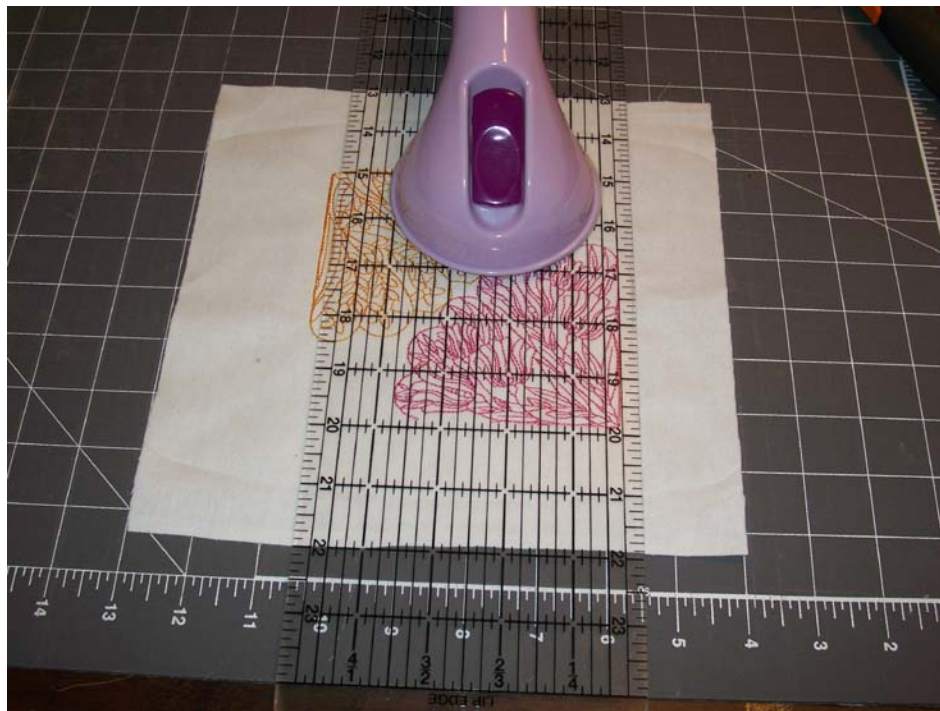

Thread of your choice

### STEP 1

Stitch out each design block.

After stitching all blocks, trim all sides to what you would like. I trimmed mine to  $\frac{1}{4}$  inch all around.

TRIMMED BLOCKS

Lay block A facing up and match up block B right side facing down and match up and then sew together.

Then do this C & D blocks then with AB facing up, place CD on top facing down match up and sew together.

You now have a completed block.

Do this to complete each block. Sew together as you wish.

Enjoy!
