

## How to use

1. Embroider the body and wings of ladybug on water-soluble stabilizer
2. Second wings embroidered on organza.
3. After embroidering, wash and remove the water-soluble stabilizer. Then dry the details. Cut the wings embroidered on the organza.

4. Sew with the body, first the wings are embroidered on the organza, and then the other wings, as shown in the figure.
5. Decorate the ladybug with rhinestones, beads, paillettes to your liking.
