

How to use

1. Wings of a fly embroider on a black organza
2. Cut the wings of the fly. !The wings must be cut out together: two wings make up one piece!
3. Embroider first three colors of the body of a fly on a water-soluble stabilizer
4. Put the fly's wings on the body of the fly, holding, embroider last color that will attach the wings

5. After embroidering, wash and remove the water-soluble stabilizer. Then dry the fly.
