

Necklace and earrings

INSTRUCTION

1. Download the design from the website to your computer.
2. Unzip the file. Upload the embroidery file to your machine.
3. Hoop 2 layers of water-soluble mesh. Embroidery the design.

Select files for embroidery, thus to obtain the required length.

Marking files

the first digit is the number of elements (flowers)

the second digit is the length of the fragment (in millimeters)

3-99

3 - 3 flowers

99 - 99 millimeter

4. Rinse the stabilizer in lukewarm water and leave to air dry. Press with steam.

5. Stitch the elements together

6. Sew or install the accessories for decoration.

It is important

Always make a test stitch-out of the design and wash away the stabilizer. This helps you to select the threads, needles, stabilizers and settings of your machine correctly.

To get 2-sided embroidery you should use the same thread for the needle thread and bobbin thread.

Thank you for your purchase.
