

FSL-Folk-Birds-Bookmarks-5x7-DAH-NLS

Instructions

Designs can be sewn in any color. Always remember to use the same color thread in needle and bobbin as bookmark can be viewed from both sides.

Each of the designs in this set are to be sewn on one layer of water-soluble stabilizer. After stitching out the designs, place in warm water to remove stabilizer. Lay on paper towels and blot to remove the excess water. Dry flat. Attach a ribbon and bookmarks are ready to use or give as a gift. They are also great to slip inside of a card.
