

## “FSL-Tulle-Butterflies-5x7”

### Instructions

The instructions that follow are for design NLSEE1843-5x7. All other designs in this set can be sewn using the same instructions.

NLSEE1843-5x7

#### Color Sequence:

Printed by Generations(TM), Copyright 2002-2007, All Rights Reserved.

#### Required Materials

Materials	Specifics
Glitter Tulle	Enough to cover placement stitches
Threads	Same color bobbin and needle thread
Water-Soluble Stabilizer	Enough for a 5x7 inch embroidery hoop

1. Hoop water-soluble stabilizer in a 5 x 7 inch embroidery hoop.
2. Transfer design to be sewn to embroidery machine.
3. Make sure bobbin and needle thread are the same color.
4. Sew #1 in Color Sequence Chart. These stitches will create the placement stitches for the butterfly.
5. Place a piece of “glitter tulle” over the placement stitches and sew #2 in the color Sequence Chart. These stitches will attach tulle to stabilizer.
6. Remove hoop from machine, place on a flat surface, and carefully cut away excess tulle from around outside of butterfly.
7. Return hoop to machine and sew #3 in the Color Sequence Chart. These stitches will create the satin stitches to complete the butterfly design.
8. Remove hoop from machine and project from hoop.
9. Cut away most of the stabilizer from around the design. Leave an inch or so to prevent cutting satin stitches.
10. Place in warm water and “swish” until most of stabilizer has dissolved.
11. Remove from water and place on paper towel. Blot with second paper towel.
12. Lay flat to dry. Project is complete.

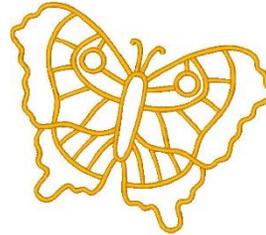

Color Sequence Charts for the other four designs in this set are included below.
