Instructions for these Free-Standing Bookmarks are fairly simple.

1. Load design into embroidery machine.
2. Hoop one layer of water-soluble stabilizer in a 5x7 inch embroidery hoop and attach to machine.
3. Thread machine with same color thread in both the needle and bobbin.
4. Refer to the Color Sequence Charts on page 2.
5. Sew each step in the Color Sequence Chart-making sure needle and bobbin thread are the same color in each color change.
6. When completed, remove bookmark from hoop and trim away all but ½ inch of stabilizer from around the bookmark.
7. Place bookmark in warm water and swish to remove most of the stabilizer.
8. Place wet bookmark on paper toweling and blot away water.
9. Let the bookmark dry. Add a pretty ribbon to the top and use or give as a gift.
