

Halloween Treat Bags

Instructions

SUPPLIES:

Tear-away stabilizer

Fabrics for bag and appliqué

Thread

Ribbon for handles

Other embroidery items you use to complete projects.

CC-means color change

Prepare fabric as follows,

Cut 2 pieces (one for front and one for back) 8x9. Then turn a 1 ½" seam on the 9" side to inside and press, this will be the tops of the bags. Do this for all backs and fronts.

STITCH BACK OF BAG FIRST

Back of Bag instructions:

1 - Hoop tear-away stabilizer and place on machine and stitch out first **CC**.

This is a placement stitch for top of bag

2 – Stitch decorative stitching and button holes.

FRONT OF BAG

1 - Hoop tear-away stabilizer and place on machine and stitch out first **CC**.

This is a placement stitch for top of bag.

2 - Place top of bag front along edge of stitching line stitch CC 2 this will tack down top of bag and hold in place.

Now follow CC chart and stitch appliqué.

3 - Place the back of the bag (right side facing down) over top of front and then line up top and stitch front & back together. Remove from hoop & trim then turn right side out lace ribbon thru button holes and tie so ribbon doesn't come off.

You can square off corners to so it will stand its own by matching up the side and bottom seam and sew across it to create a triangle then turn right side out.
