

Appliqué Girl with Lamb Instructions

The 1st 4 colors in each design can be done in the same color.

Color 1: Outline for lamb Place a piece of fabric over the stitched area of lamb.
I prefer to glue it down with a child's washable glue stick.

Color2: Stitch around of lamb

Remove hoop from machine and cut around the outside of the lamb, trimming as close as you can.

Color 3: Tack down fabric of lamb

Color 4: This is the Redwork color of your choice (does not have to be red).
Stitch the girl and lamb features.

Color 5: Satin Stitch around lamb in a color matching the fabric.
Remember, you can use many different types of materials to give texture to the appliqué.

The fabrics I used in these designs are as follows:

- girlwithlamb_001 – appliquéd with Chenille Terry
- girlwithlamb_002 – appliquéd with Terry Velour
- girlwithlamb_003 – appliquéd with Mesh (athletic shirt type mesh)
- girlwithlamb_004 – appliquéd with Fleece
- girlwithlamb_005 – appliquéd with Terry Cloth
