

ITH-Applique-Coaster-Hug-With-Prayers-5x7-NLS

Instructions

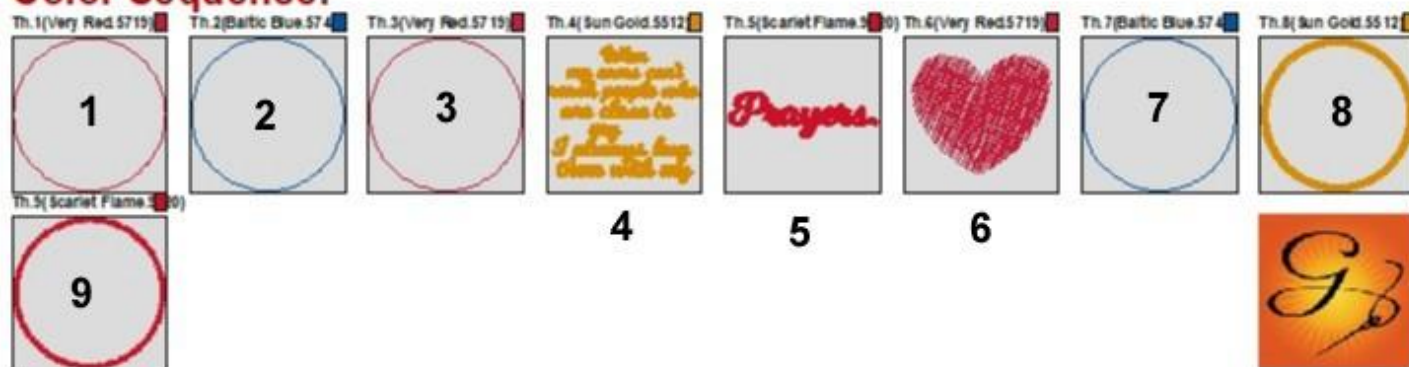

Design Name: **NLSEE2768-5x7**

Materials/Cutting Chart

Materials	Number and Size of Cuts
Front-Fabric	1 cut at 5.25 x 5.25 inches
Back Fabric	1 cut at 5.25 x 5.25 inches
Puffy Foam	1 cut at 5.25 x 5.25 inches
Heat-N-Bond Lite	2 cuts at 5.25 x 5.25 inches
Water-Soluble Stabilizer 1 layer	Enough for a 5x7 inch embroidery hoop
Threads	Sewer's Choice

The Color Sequence Chart below will be referenced throughout these instructions.

Color Sequence:

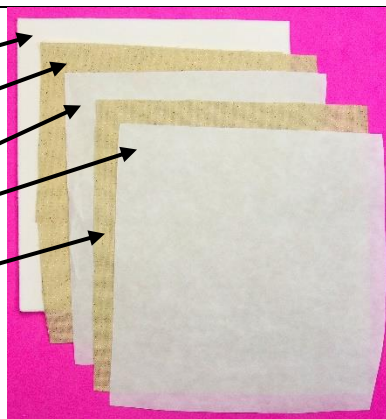

1. Prepare materials as shown in the Materials/Cutting Chart above.

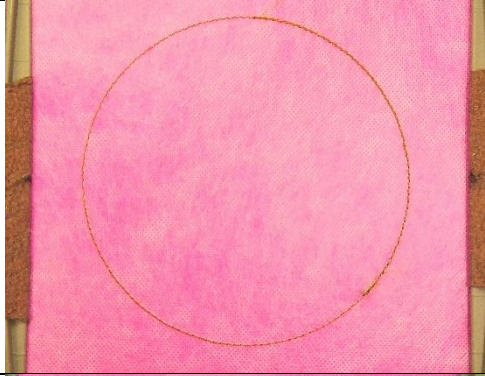

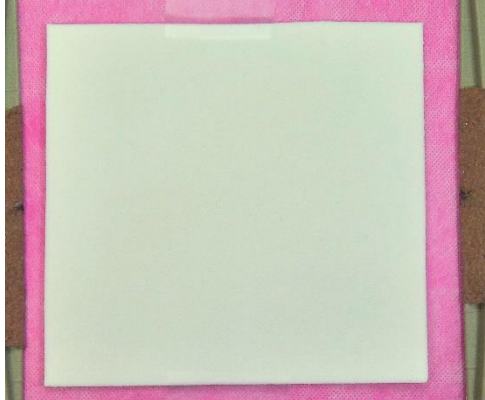

Puffy Foam

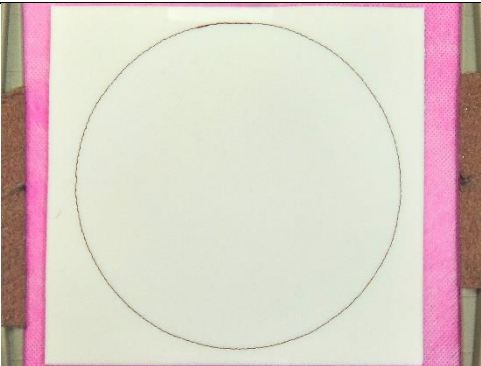

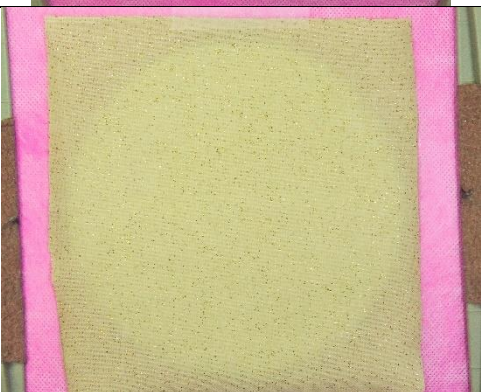

Front Fabric

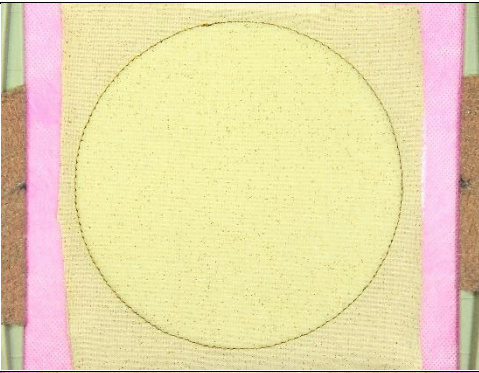

Heat-N-Bond Lite

Back Fabric

<p>2. Fuse the Heat-N-Bond Lite pieces to the backs of the front and back fabric pieces. Now you should have 3 pieces as shown in photo.</p>	
<p>3. Hoop water soluble stabilizer in a 5x7 inch embroidery hoop and attach to machine. 4. Transfer design file)NLSEE2768-5x7) to embroidery machine.</p>	
<p>5. Load white thread in the bobbin. 6. Load thread you select for the outer satin border in the needle and sew #1 in the Color Sequence Chart. These stitches will create the placement stitches for the coaster.</p>	
<p>7. Remove hoop from machine, place on a flat surface and place the foam piece over the placement stitches. 8. Tape in place at top and bottom to prevent movement during stitching.</p>	

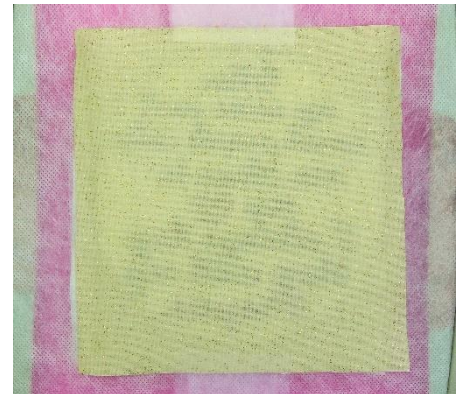

<p>9. Return hoop to machine and sew #2 in the Color Sequence Chart. These stitches will attach the foam to the stabilizer.</p>	
<p>10. Remove hoop from machine and place on a flat surface. 11. Using sharp scissors, carefully trim away excess foam as shown in photo.</p>	
<p>12. Remove paper backing from front fabric piece.</p>	
<p>13. Place the front, fabric piece, right-side-up, over the foam and tape in place at top and bottom.</p>	

<p>14. Return hoop to machine and sew #3 in the Color Sequence Chart. These stitches will attach the front fabric to the stabilizer.</p>	
<p>15. Select the thread you wish to use for the first part of the text and thread needle with the selected color.</p> <p>16. Sew #4 in the Color Sequence Chart. These stitches will create part of the text on the coaster.</p>	
<p>17. Thread needle with color you wish for the rest of the text and the heart. I did keep these two separate in case you wanted different colors for them.</p> <p>18. Sew #5 and #6 in the Color Sequence Chart. These stitches will create the rest of the text and the heart.</p>	
<p>19. Remove hoop from machine and place upside-down on a flat surface. Trim thread tails from the back of the hoop.</p>	

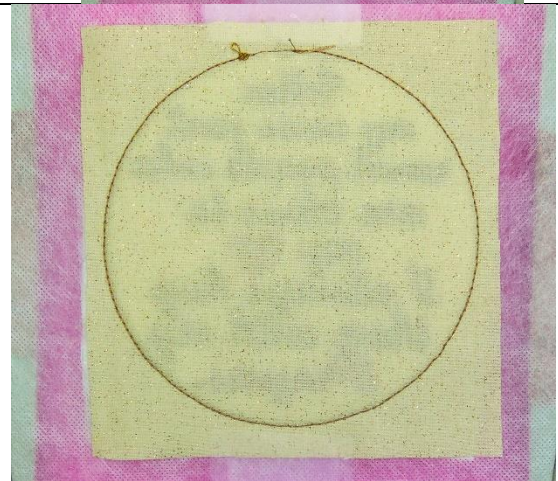

20. Remove paper backing from the back, fabric piece.

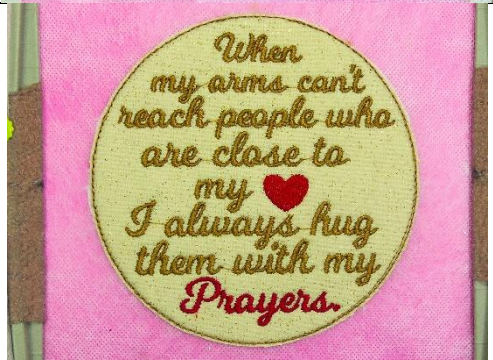

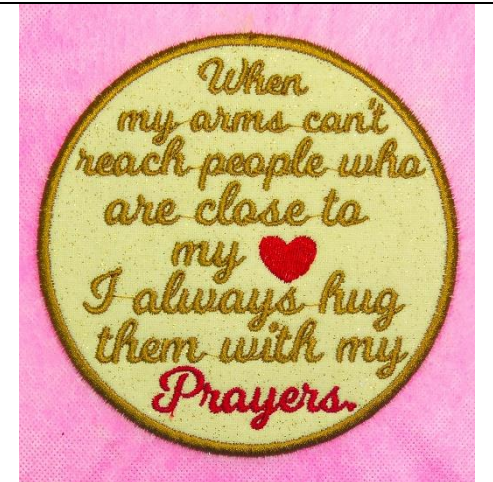

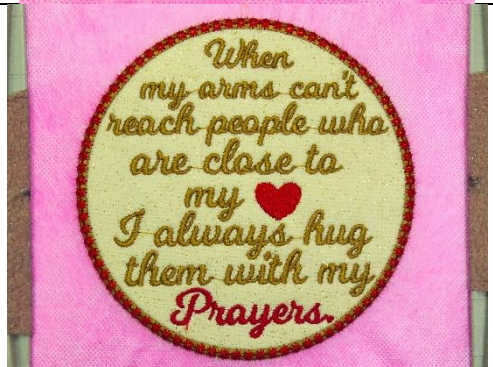

21. Place the back fabric piece-right side up- over the back of the hoop, making sure it is lined up with the front, fabric piece and tape in place.

22. Return hoop to machine and sew #7 in the Color Sequence Chart. These stitches will attach the back, fabric piece to the rest of the project.

<p>23. Remove hoop from machine and place up-side down on a flat surface.</p> <p>24. Using sharp scissors, trim away the excess fabric from the back of the hoop as indicated in the photo.</p>	
<p>25. Turn hoop to right side and trim away excess fabric from the front of the hoop.</p>	
<p>26. Load the same color thread in the bobbin and needle and sew #8 in the Color Sequence Chart. These stitches will create the satin border around the coaster.</p>	
<p>27. Change bobbin and needle thread to the same color and sew #9 in the Color Sequence Chart. These stitches will create the motif on top of the satin stitches. These stitches help secure the edges of the coaster.</p>	

<p>28. Remove hoop from machine and project from hoop.</p> <p>29. Trim away all but ¼ inch of the stabilizer from around the coaster. (Leaving the 1/4 inch helps to ensure the outer stitches are not cut accidentally.)</p>	
<p>30. Use a wet, paper towel to remove the remaining ¼ inch stabilizer.</p>	
<p>31. Let dry and your coaster is ready to give to that special person.</p>
